

African Promise and Kids4Kenya are international development organisations working to advance education in pre-primary and primary schools in Kenya.

The initiative of recent graduate Charles Coldman, the charity has grown from a one-off project which saw the transformation of Jora Primary School in 2006/07.

African Promise and Kids4Kenya currently work with six schools in the rural community of Kasigau.

Registered UK Charity No: 1122285
